"Ystradgynlais Town Council

- Notes with concern recent announcements by Powys Council that they intend to close the Canolfan centre in Ystradgynlais and other centres in the county.
- Confirms that the Canolfan is a resource valued by the community served by the Town Council which provides vital services to some of our most vulnerable residents.
- Notes that no clear plans for the future of the services provided have been published by Powys County Council.

The council calls for:-

- The closure plan to be frozen
 - Any plans for the future of the facility and the services it hosts to be based on a full and fair assessment of the needs and wishes of the community. This should be via a robust process of consultation with service users, families, staff and local residents identifying the issues, concerns and opportunities which then can be built into a impact assessment
 - A clear and detailed plan for the future of the services and the Canolfan building to be published before any final decision is taken by Powys."
